Dear Chief Minister

Shane,

Good luck with your elections and I thought the mood around Alice Springs last week was quite positive for the CLP Government.

The Mount Sonder climb and promotion of the Larapinta Trail, which I did with Nick Dondas, got a good run on radio across Australia through Macka et al. It is a very good project by your Government and I have publicly praised it.

If I can help in any way, in liaison with Grant Tambling, please feel free to make contact, but I understand fully you want the focus of your campaign to be Territorian.

Yours sincerely

TIM FISCHER MP
