REFERENCE : TERRY MICHAEL STONE

Dear Sir,

Terry enrolled at Wodonga High School in February 1969 and has progressed through the school in those six years to be studying for his H.S.C. this year. Throughout those years Terry has established a record of regular and punctual attendance.

This year Terry has developed a very mature approach to his work and at all times has displayed diligence and perseverance. He is able to organise himself and to follow this through with well directed and efficient studies. He has also displayed a well directed ambition.

Terry was Form Captain in three of the six years at the school, an S.R.C. representative in each of the last four years and a Captain of a cricket team and an athletics team. He has represented the school in athletics, swimming and hockey. In addition he was a member of a junior debating team and was actively involved in the organization of junior and senior socials as well as the two school fetes. In all Terry has made himself available at every opportunity to help the school community.

Terry has an outgoing personality and has shown self-confidence in his ability to mix well with his peers. He has also developed a sound relationship with staff. He has presented himself well in both dress and manner and can be considered as a reliable and stable student.

Yours faithfully,

A handwritten signature in blue ink, appearing to read "A.M. Cracknell", written in a cursive style.

A.M. CRACKNELL
