Dear Mr Stone,

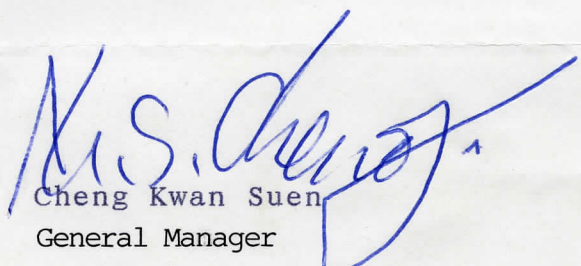

Thank you for your warm letter dated 7 February 1999.

Being a capable and dynamic leader, I am sure the people of the Northern Territory would miss you very much. Nevertheless, I must congratulate you for your well-earned retirement. It is nice to have a break in life from all the tough work to restore our energy for other endeavours.

I am glad to learn that you will be rejoining the business sector. With your substantial experience and outstanding achievements, I can foresee another climax in your career is soon to come.

Please send my heartiest regards to your family. Keep in close touch.

Best wishes,

Cheng Kwan Suen
General Manager
