Dear Josie & Shane -

Well done Shane - not everyone can call it a day when they're so far ahead.

You have made every Australian aware of where the Northern Territory is & have been an excellent leader, lifting the thinking of the people & widening their horizons dramatically. We are part of south-east Asia where you have performed with dignity & your recognition of that has earned you the respect of trading partners.

It's easy to be an "also ran" which is what those who follow you will

he. You are to be congratulated.
Josie, you will be glad to
return to a more normal existence.
You too have shown leadership as
the Chief Minister's primary supporter
& in your role as his wife.

I congratulate you both on a
job done so very well & wish you
happiness in your far less political
& more relaxed future.

Sincerely,

Jean White
