Dear Mr. Stone

Thank you for sending me a letter that let me know about your retirement and your plan to join the business sector.  
Good luck.

I hope our good relationship that has been established will continue, although you already retired as Chief Minister.

If some day you or your family want to visit Indonesia, please let me know, so I can arrange my time to meet you or your family.

I will keep in touch. My best regards to you and your family.

The State Minister for Agrarian Affairs/  
Head of the National Land Agency
