Mr. Shane L. Stone
The Chief Minister of The Northern Territory
Parliament House
Darwin NT. 0800
Australia

Dear Mr. Shane L. Stone,

Well, I got surprised having read your letter dated 25 Nov'98 and thanks for the reply.

Similiarty, having glanced on your attached publication of The Australia's Northern Territory which covers Parks and wildlife written by Frank Alcorta.

I got interested in views of the Botanic Gardens in Darwin, as it is also available in Indonesia.

We call this Cagar alam "Taman Safari" Jakarta. This would be alot of chances for us to keep in touch, especially for the time upon my retirement.

See, I am now in charge managing the Human resouces departement at Univeritas Pembangunan Nasional "Veteran" Surabaya.

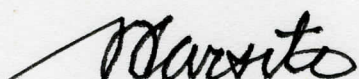

Briefly, we can keep going ahead to deal with our contribution in improving our good cooperation between our college and your government NT in many ways.

Hopefully, may we be seeing each other again soon to further our following program. And as per your review concerning ours in Indonesia, I definitely agree with you. But, I could comfirm here every thing will be fine, as soon as the coming up general election on the 7 th of June 1999 completed.

We all Indonesians hope the situation will be back intonor - mal soon.

I remain

Sincerely,

Drs. H. Warsito SH.
