

# TERRY STONE

JUNE 9, 1957 to JULY 23, 2001

*As many addresses are unknown, I would like, through The Border Mail, to thank the many people who rang, sent beautiful flowers, cards and letters here and to Darwin.*

*I want to praise also the courage of my friends, Bob McLean and Jean Whitla, who, late at night, had to do that knock-on-the-door that all parents dread and tell me Terry was dead.*

*The death of a child, be it 4 or 44, is a bitter blow, as it is out of the usual order.*

*I felt you were all with me and my family and felt our pain. Thank you for caring.*

*Remember, Terry was a good man and he was a much loved son and loved member of our family.*

*Pam Stone and family.*
