NOTICE

This passport is issued by authority of the Minister for Foreign Affairs. The passport must be safeguarded with the utmost care when you are travelling abroad. Failure to retain possession may cause inconvenience or delay or disruption to your itinerary. The loss of this passport must be reported immediately to the nearest police authority and, in the case of loss overseas, it must also be reported to the nearest Australian Mission.

2. A replacement passport can be made available only after every effort has been made to find the missing passport or after precautions have been taken against its illegal use. In view of the necessary precautions which must in all cases be taken, immediate replacement of a missing passport is, in general, not possible.

3. Alterations of entries or additions to this passport (except on page 3) may be made only by passport officers in Australia or at Australian Overseas Missions. Unauthorised alterations will render the passport invalid and subject to cancellation. Power to cancel a passport is vested in the Minister for Foreign Affairs and officers authorised by him in that behalf.

4. This passport may not be used for unaccompanied travel by children whose names are included herein. A child of any age may be issued with an individual passport subject to parental approval. A person who has reached eighteen years is required to hold a separate passport.

5. Children born abroad of Australian parents do not automatically acquire Australian citizenship. Application for registration of births should be made to the nearest Australian Mission.

6. Additional information relevant to your overseas trip will be found in the booklet issued with this passport. In particular, Australian citizens who may possess another nationality should refer to the information booklet.

7. Australian citizens intending to remain in a foreign country for more than three months are advised to register at the nearest Australian Mission. Persons who have registered are required to notify changes of address and to give notice of departure from the country. Registration enables assistance to be given in an emergency.

8. VISAS—It is the responsibility of the bearer to obtain the necessary visas or permits.
