

Mayor in a day

Wodonga Shire president, Cr Les Stone, yesterday tried on his municipal robes in preparation for tomorrow's proclamation of the municipality as the Rural City of Wodonga.

With the declaration by the Governor, Sir Rohan Delacombe, of the shire as a city, Cr Stone will have the honor of being Wodonga's last shire president and its first mayor.

Despite his designation as mayor, Cr Stone's robes do not change.

Only the chain which is worn with them changes. The medallion has been changed to read the Mayor of the Rural City of Wodonga.
